A SURPRISE FOR COLUMBIA.

Williams College Plays a Hard Game, Neither Side Scoring.

NEW YORK, Oct. 11.—The Columbia 'varsity eleven was treated to the biggest kick of a surprise by the Williams College team at Columbia Field yesterday. In two fifteen-minute halves neither eleven could score. The result was proclaimed a virtual victory for the Williams men, who played the hardest kind of football against great odds.

The defensive tactics of Williams when the crucial test came saved the day for the Columbia men pined desperately in the last half, and might have scored but for blunders that discouraged their followers.

Zuberan's stable and stealing a set of harness and a pair of reins. Lewis pleaded not guilty, but as the evidence was against him Judge Kimball held him in \$500 bonds for the grand jury.

BANDS OF MERCY DROPPED. Board of Education Says They Are Foreign to School Work.

The Board of Education at its meeting in the Franklin Building last night took up the question of the "Bands of Mercy" which have been formed by the Humane Society heretofore in the public schools, and declined the request of the society to continue the work, on the ground that it is not desirable to have the pupils approached with such matters "foreign to regular school education."

The board adopted a resolution to ask for \$1,000 in the appropriation for the year ending June 30, 1902, for the expenses of the summer vacation school. This action was taken on the request of Raymond Reardon, principal of the Greenleaf Summer School, for suitable assistance in his work. No compensation or assistance has hitherto been given the summer schools.

A communication from M. F. P. Swartzell, principal of the Eastern High School, making various requests in relation to the athletic students, was received. Permission was granted to the students to organize an inter-school collecting drive from the grounds of the Western High School, and permission was also refused the students to hold a public entertainment for the purpose of raising funds.

The committee on buildings, repairs, and sanitation which was designated to confer with the Commissioners in regard to assigning a special policeman to guard the grounds of the Western High School, reported that they had been informed by the committee that such detail could not be made, but that the bicycle police would be instructed to give attention to the grounds at night.

Superintendent Stuart reported in regard to schools occupying basements in school buildings, recommending that this be avoided in future.

The committee on text-books reported regarding the relief maps it had examined, and recommended that the maps not to exceed five sets. This recommendation was adopted. President Bili, from the special committee appointed to consider the question of educating pupils from Porto Rico in the public schools of this city, reported that while free tuition could be offered to such pupils, maintenance could not be provided. The following promotions, appointments, and transfers, to take effect October 1, were made:

Ninth division—Transfer Rebecca J. Gray, teacher, Third grade, to the Tenth division. Promote Nellie F. Dyson, Second grade, from salary of \$500 to \$550 per annum.

Tenth division—Transfer Marie A. Madire, teacher, Fourth grade, to Eleven h division. Transfer James P. McKelvey, teacher of First grade, to the Eighth division; salary \$425 per annum. Promote Blanche E. Calder, from First to Third grade, and from salary of \$500 to \$550 per annum. Promote Margaret G. Taylor, First grade, model teacher, from salary \$550 to \$600 per annum.

Eleventh division—Promote Leona C. Randolph, First grade, model teacher, from salary \$500 to \$550 per annum. Promote Ella Friend, teacher of cooking school, from \$500 to \$650 per annum.

Miss T. F. Schoenborn, primary teacher in the Normal School, on account of ill-health has been relieved at her own request and transferred to a second grade school. Miss Sara Grier, transferred from Second Division to the Normal School, vice Miss Schoenborn.

An application for Mrs. Grace Ravensburg-Stephens, formerly teacher of the eighth grade, Franklin School, asking for reinstatement, was referred to the Superintendent. The application will be granted.

A communication from the Assistant Superintendent.

Superintendent was reading that Miss Florrie Leary, who was certified to enter the Normal School, but who, owing to ill-health, could not appear for admission at the opening of the current session, now seeks to enter the school.

The application was refused by the Board, in view of the fact that the place left vacant by Miss Leary had been filled.

E. G. Kimball, Supervising Principal, Fourth Division, applied to the Board, asking for permission to use the library room of the Franklin School on the evenings of the second and fourth Saturdays of each month as a meeting place to consider school matter and on such other Saturday evenings as may be needed. This request was granted.

Letter Carrier's Leg Broken. Edward T. McNeerney, a letter carrier, while riding his wheel at the corner of Fifth Street and New York Avenue collided this morning with a bicycle ridden by an unknown colored boy and was knocked down. McNeerney was removed to the Homeopathic Hospital, where it was found that his right leg was broken below the knee.

Captain Centennial Medal. Mr. Van Winkle, the chairman of the Centennial Committee on Medals and Badges, has decided on the main features which will be embodied in the memorial bronze medal to be issued during the Centennial celebration. He has requested the Ordnance Bureau of the Army and Navy departments to design a medal of the following description: A circular medal, the reverse of which shall be a reproduction of the historical scene, showing the United States flag flying from the top of the Statue of Liberty, with the words "UNITED STATES OF AMERICA" and "1776-1900" around the border.

A Wife of Unhappy Corps. Frank Morris, Lewis Barker, and David Collins through their counsel, A. S. Colver, have filed a petition for a writ of habeas corpus, with a view of securing their release from the workhouse, where they were committed on a charge of vagrancy on October 8. They allege that they are not vagrants, were unlawfully arrested, and are illegally detained. It is claimed that they had gone to bed on the night of October 7, when they were aroused and arrested by Detective Wrenthorn, and then, without a warrant, or without giving them such an opportunity to be heard, they were taken to the workhouse and committed to the cells.
